

# CUUR<sup>®</sup>

POST-ALCOHOL SYMPTOMS  
PREVENTION &  
WOW EFFECT RECOVERY

HAVING FUN  
WITHOUT ALCOHOL'S  
NEGATIVE OUTCOME:

Don't say no to a party -  
take CUUR® and stay  
balanced!

ESSENTIAL  
TECHNOLOGY

What if waking up after a  
party would be as easy  
as going to one?

CUUR® is the only clinically proven alcohol side-effects prevention & recovery solution that works. An innovative formulation consists of powerful 100% natural bioactive ingredients for a full body detox.

## FOR A GOOD NIGHT SLEEP OR ENERGY BOOST DURING THE DAY

- ✓ **Daytime CUUR®:** 2-3 hours of elevated energy, clarity and focus. For balance and prevention of alcohol consumption side-effects between noon & happy hour
- ✓ **Bedtime CUUR®:** for post-alcohol balance, side-effects prevention and detox while you are asleep. Taken shortly before going to bed.
- ✓ **CUUR® Morning After** was designed to alleviate symptoms, not only to prevent them from occurring. CUUR® Morning After is best taken between 06:00 AM – 10:00 AM the morning after alcohol consumption. Enhances immunity.
