AMPHIBIOUS SPECIAL UNMANNED EQUIPMENT MARKET

Number of people exposed to significant flood risk by region (and as share of total regional population)

Region:
 the East Asia and Pacific (EAP)
 the South Asia region (SAR)
 Europe and Central Asia (ECA)
 Middle East and North Africa (MENA),
 Latin America and the Caribbean (LAC),
 and the United States and Canada (USA & CAN)

The Latin America, Middle East and Africa (LAMEA) is expected to portray the largest CAGR of 12.2% from 2020 to 2027, owing to technological developments in the field of defense systems and rise in investments by governments and military agencies.

The global amphibious vehicle market size was USD 2.66 billion in 2019 and is projected to reach USD 4.98 billion by 2027, exhibiting a CAGR of 13.05% during the forecast period.

AUSTRALIA

Flood and cyclone-prone areas in eastern Australia may be 'uninsurable' by 2030, report suggests

Emergency flood warnings declared in several south-east Queensland regions as wet weather set to continue

Several emergency warnings have been issued throughout south-east Queensland as the region faces another flooding disaster, which set to continue over the coming days.

NETHERLAND

Netherlands has been battling the sea and swollen rivers for nearly a millennium. Three large European rivers -- the Rhine, Meuse, and Scheldt -- have their deltas in the Netherlands, and with much of its land below the sea level, the government says 60% of the country is at flood risk. Much of the country is essentially sinking.

Dutch rivers, lakes and the sea claimed 137 lives last year

INDIA

Isola Di Cocco
 The Isola Di Cocco (The Island of Coconuts.), an ayurvedic beach resort cosseted by a coconut grove, residing on the banks of the river Poovar.

Drowning is the second leading cause of death from unintentional injuries, after road traffic injuries. In India, unfortunately, there is almost no awareness or protocols to prevent drowning. There are 2 prone point in India which are accross Kerala Beaches and Ganges Delta Region. And Children in higher risk than adult (Gupta et,al, 2020 and Vetil et al. 2017)

About

Eco Donutboats was created to offer a self drive option for families and friends to go into the mangroves in Abu Dhabi. Since the first 8 boats were manufactured in 2014 each year the fleet grew with 8 boats. Eco Donutboats use 100% solar power to run the electric trolling motor. The boat can accommodate 7 passengers and the table hosts a 60 liter cooler for food and drinks. Boats are available to purchase as a business. We offer 3 boats in a 20' container and 8 boats in a 40' container ex Abu Dhabi. For more info please visit our website

Co-Owner

Eco Donutboats · Full-time
Feb 2014 - Present · 8 yrs 4 mos
UAE & Malta

Eco Donutboats are the newest hype in eco tourism. Safe, Fun and Affordable. Eco Donutboats offer space for 7 passengers and are self drive. After a 3 min instruction passengers are good to go. Powered by the sun the boat has 2 lithium batteries that can keep the boat running at 5 kmph for up 6 hours even when the sun hides behinds the clouds or after sunset. Over 40.000 guests use our boats each year and we are looking for partners world wide to join our vision in bringing these boats to all calm waters around the glode.
