

***Better feed
Ingredient,
for better
tomorrow***

FROM

Introduction

Established in 2001 as a collector of animal by-products from major abattoirs in Israel

Today, we supply protein ingredients for animal feed directly from Israel's leading rendering plants

We focus on quality control and accurate logistics management

Our feed ingredients are rich in protein, which improves animal nutrition and achieves better productivity in animal farming, such as cattle, sheep, poultry, and fisheries

Our capacity is approximately 1,000 MT per month for each item

The story behind MAiO

MAiO is more than just a name; it represents a vision of sustainable nutrition, efficiency, and global reliability

Derived from the roots of meat and Ingredients for optimum feed, **MAiO** reflects both our core business and our commitment: transforming what was once seen as waste into valuable resources that power growth, health, and productivity across animal farming worldwide

The brand symbolizes:

- M: Meat & minerals → the essential building blocks of nutrition
- A: Agriculture → our deep connection to farming and feed industries
- i: Innovation → our science-driven approach to recycling animal by-products into high-value feed ingredients
- O: Opportunity → creating value for farmers, partners, and communities globally

The main products are

01

Meat and bone meal

Protein:
50%-55% min.
50%

02

Poultry meal

Protein: min 65%

03

Feather meal

Protein: 85%

04

Blood meal

Protein: 90%

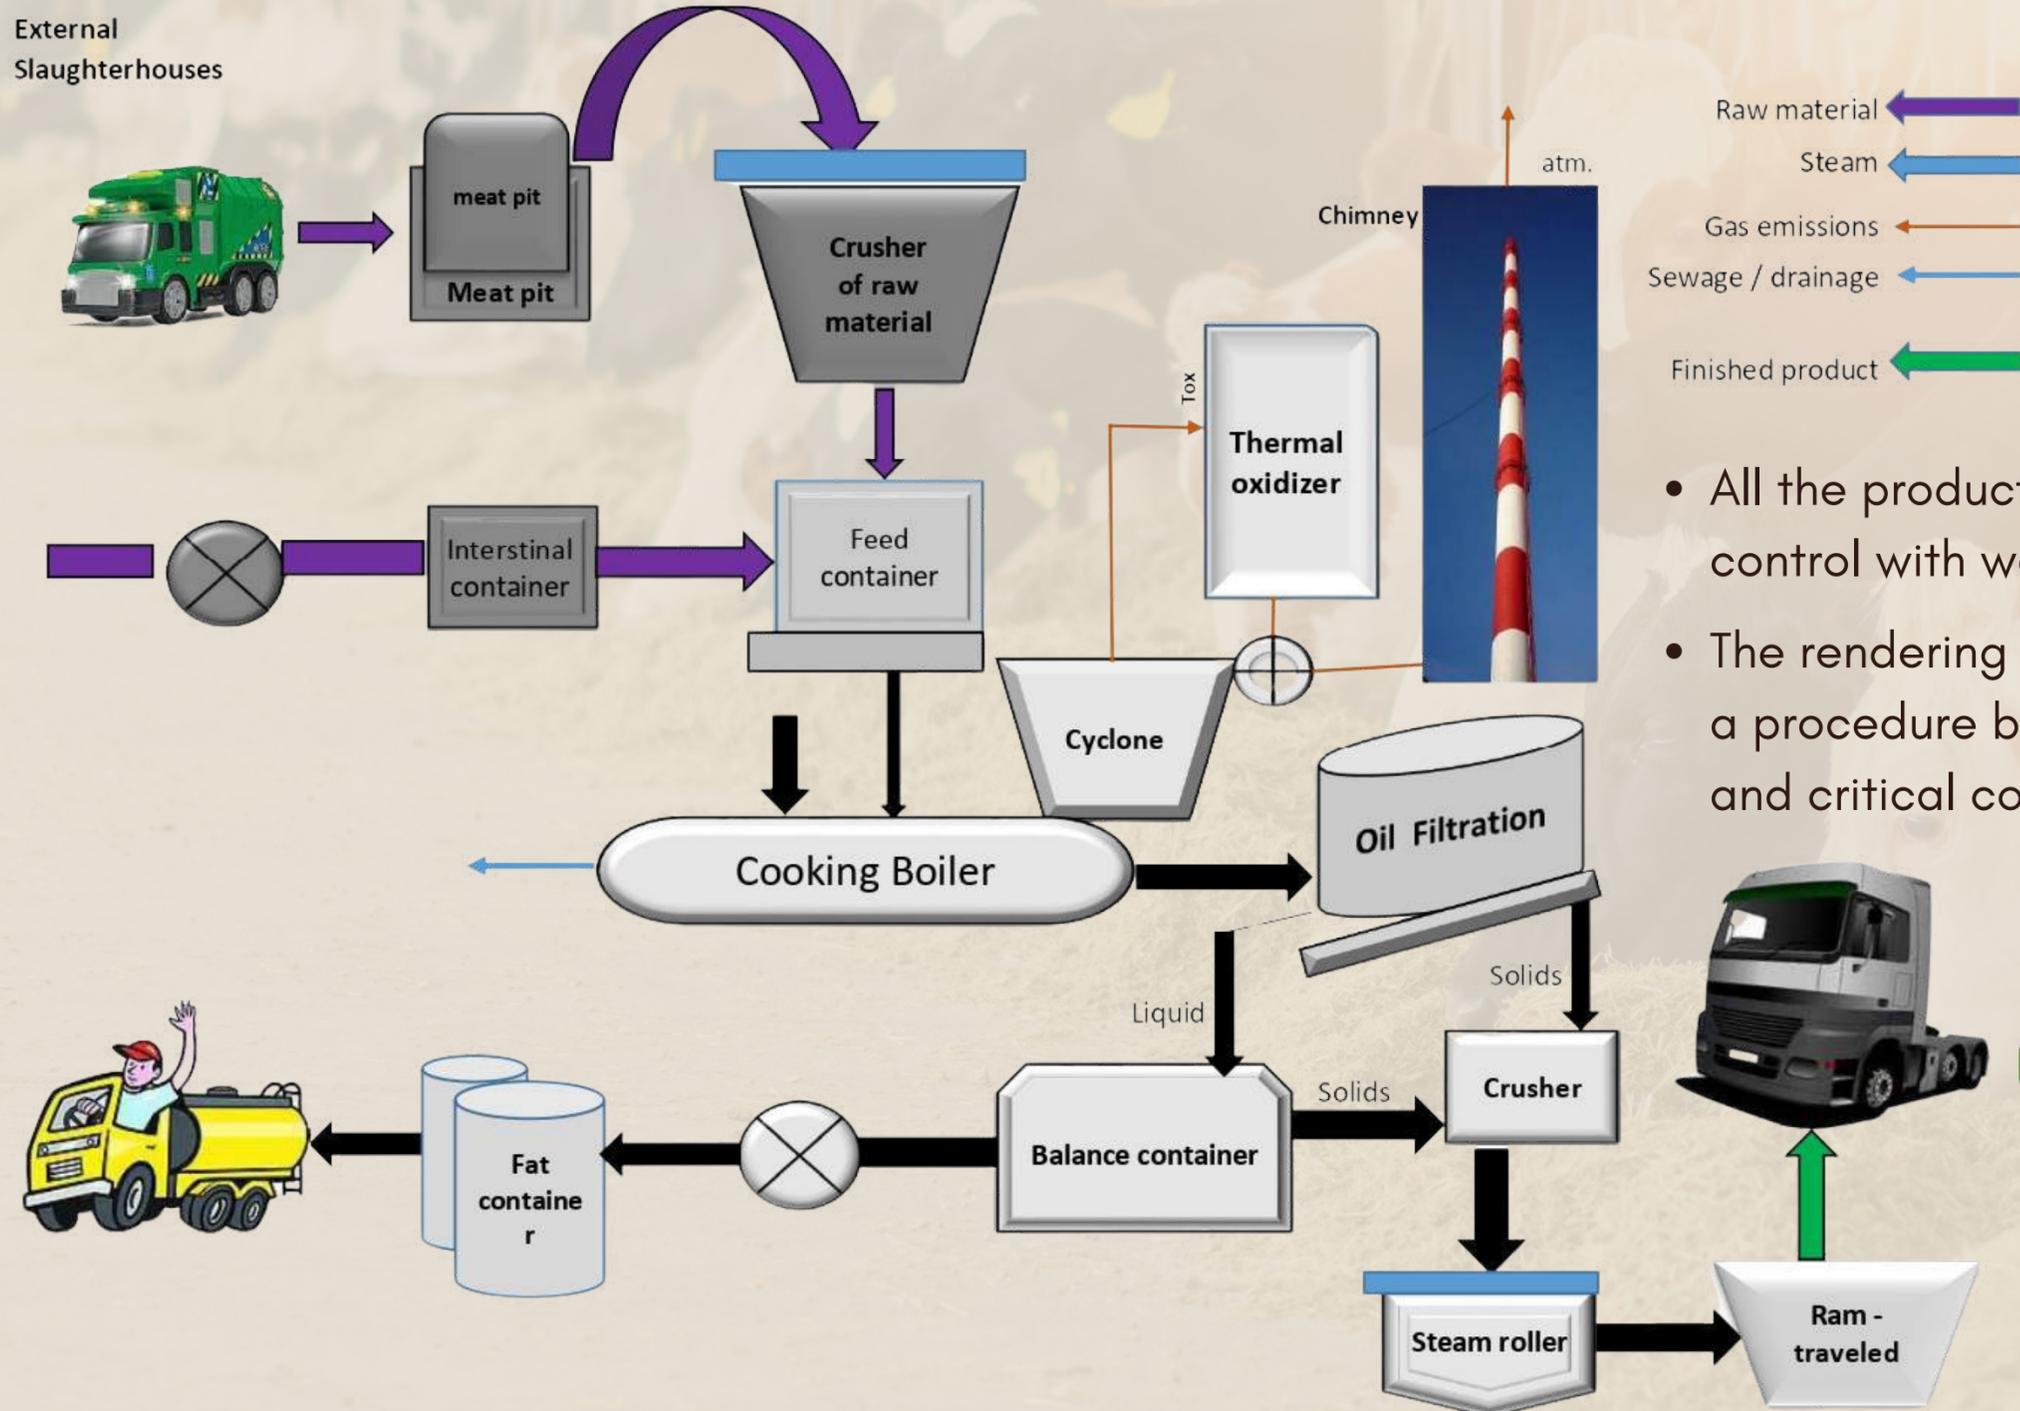

FEED OPTIMIZATION

BETTER PRODUCTIVITY

Production process

Process of meat processing

- All the production lines have strict quality control with weekly lab tests
- The rendering plants implement and maintain a procedure based on the hazard analysis and critical control points principles

Premium protein,

Competitive value

Enjoy direct shipments from the rendering plants to your port, delivering speed, reliability, and freshness, while benefiting from highly competitive pricing and service tailored to exceed your expectations

Product data sheet and COA are available upon request
